

HARMOCELL CELLULAR WELLNESS DIVISION

SPEC DOC: HK202607-BG-QS

Hubei Feirui Biopharmaceutical Co., Ltd. (Hebei Branch) / Hexie Technology
Certified Quality System: ISO 22000:2018 (Cert No. 115FSMS2300270) | License: SC11313097100236
Macao ISAF Regulatory Approval: Non-Drug Cellular Wellness Category

FINISHED PRODUCT QUALITY SPECIFICATION STATEMENT

Product Name:	Youth Revival / Black Gold Flash-Release Tablet	Finished Lot No:	HK202607-BG
Product Category:	Sublingual Flash-Release Tablet (Non-Drug)	QA Testing Date:	2026-07-28
Manufacturer:	Hubei Feirui Biopharmaceutical Co., Ltd. (Hebei)	Release Date:	2026-07-29
Manufacture Date:	2026-07-10	Shelf Life:	24 Months (Exp: 2028-07-09)

1. BIOLOGICAL & PHYSICAL SPECIFICATIONS (REDACTED SUMMARY)

Specification Parameter	Standard Evaluation Method	Quality Standard	Lot Result	Status
Appearance	Visual Physical Inspection	Uniform tablet, intact surface	Complies	PASS
Disintegration Time	Sublingual Evaluation	< 3.0 seconds	2.1 seconds	PASS
EV Particle Concentration	Nanoparticle Tracking Analysis (NTA)	$\geq 10.0 \times 10^9$ particles/tablet	11.4×10^9 particles/tablet	PASS
EV Particle Size (Peak)	Nanoparticle Tracking Analysis (NTA)	80.0 – 140.0 nm	119.3 nm	PASS
Main Peak Size Ratio	NTA Distribution Profile	$\geq 90.0\%$	98.2%	PASS
EV Marker (CD9)	Western Blot Analysis	Positive Expression	Positive (+)	PASS
EV Marker (CD63)	Western Blot Analysis	Positive Expression	Positive (+)	PASS
Non-EV Marker (Calnexin)	Western Blot Analysis	Negative Expression (Cell-Free)	Negative (-)	PASS

2. SAFETY, ENDOTOXIN & MICROBIOLOGICAL PANEL

Specification Parameter	Standard Evaluation Method	Quality Standard	Lot Result	Status
Bacterial Endotoxin	LAL Kinetic Chromogenic Method	< 0.25 EU/mL	< 0.05 EU/mL	PASS
Microbial Sterility	USP <71> Direct Inoculation (14-Day)	No microbial growth (Sterile)	Sterile	PASS
Heavy Metals (Pb, As, Cd, Hg)	ICP-MS Method	< 0.1 ppm	Undetected	PASS

Manufacturer Quality Declaration: This Finished Product Quality Specification Statement confirms that Lot HK202607-BG meets all established internal biological, physical, and safety standards under our ISO 22000 Quality Management Framework. Proprietary manufacturing trade secrets and raw technology details have been redacted for commercial protection.
